# ABOUT US

TOYSMAR provides the production and supply of the games and toys that offer health and safety at the same time in order to meet the important activities of children. After running the trampoline business for the first time in 2003, we also started its production in line with the demands.

Considering all the experience we have gained for 21 years as the owner of the business, we have expanded the product range we manufacture and aimed to deliver smooth, solid and safe products to you with trampolines, ball pools, soft play playgrounds. Achieving this goal has opened up completely different horizons to us, and we continue to add innovations to our production line.

The positive reactions from the business we have established in Turkey and all over the world have added excitement to us, and brought with it our bond with our business and the belief that we are on the right path. We would like to thank all our customers for trusting and choosing us.

"IF THE KIDS LAUGH, THE WORLD LAUGHS."

**Sponge Pools**

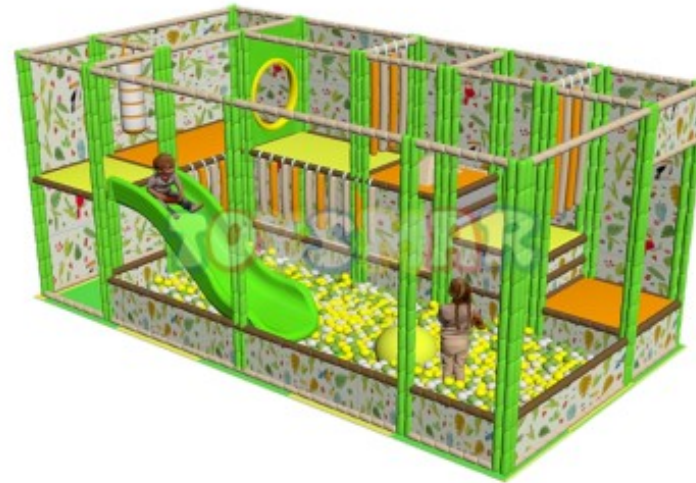

**Mail Court Trampoline**

Trampoline parks are a popular entertainment and sports area, especially for children. In trampoline parks, children have fun and develop their bodies and minds by doing a healthy activity. Trampoline parks have many entertainment and sports activities such as trampolines of different sizes and features, slides, obstacle course, sponge pool, climbing wall. We offer you high-quality and robust trampoline parks suitable for your area.

# BALL POOLS

**BALL POOLS**

Our ball pools are CE certified and produced according to TS EN-1176-1 standards. It is made of steel construction and covered with dense sponge and pvc. 650 gr protective pvc material is used in coatings. The safety nets used are UV additive and produced using a mesh system to prevent damage to children. Special production is made in desired colours and sizes.

# SAND PLAYGROUNDS

SAND BOXES

Sand playgrounds; It has become one of the new phenomenon playgrounds installed in shopping malls, game halls, children's entertainment centres. Sand playground with all necessary certificates is very important for the development of children. Our sand playground concept, which becomes fun with imagination, is also recommended by pedagogues to diagnose and treat children's emotional problems.

SAND BOXES

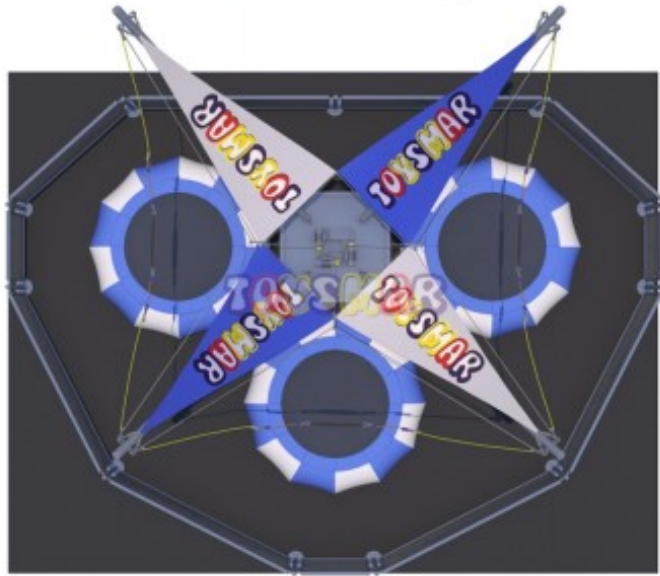

# JUNIOR AND OLYMPIC TRAMPOLINES

Junior and Olympic Trampolines are used to perform aerial manoeuvres, somersaults and stunts, especially by gymnasts, acrobats and athletes, where people of all ages enjoy jumping for fun. With a wide variety of types, it is an entertainment, fitness and sports tool enjoyed by millions of children and adults around the world. As Toysmar family, we invite you to discover our trampolines.

# BUNGEE TRAMPOLINES

Bungee trampolines combine the thrill of jumping on a trampoline with the feeling of weightlessness achieved through the use of bungee cords. When the participant starts jumping on the trampoline, the bungee cords stretch and create additional buoyancy, enabling the jumper to go much higher than they could with the trampoline alone. Toysmar offers you the flying pleasure of bungee trampolines with confidence and stability.

# PROFESSIONAL TRAMPOLINES

Professional trampolines are specially designed trampolines used by athletes aiming to perform acrobatic movements. Professional trampolines are made from high quality materials and incorporate special safety features to ensure user safety and are often found in gyms, gymnastics centres and other facilities. Professional trampolines use high quality springs. These springs allow for higher jumps and more challenging movements.
